Membership Chair and Committee Responsibilities

individual feels a sense of belonging and inclusion, to involve members in League activities. Plan with The Newsletter Editor and Board to send out materials and information that all members should know and have.

4. Review flyers and pamphlets available to provide information about the League to prospective and new members. Be mindful of diversity.
5. Keep in touch with your state and national membership directors either directly or through your regional director or the State Board Report to be up to date with the latest materials and ideas for recruiting and retaining members, with an emphasis on diversity, equity and inclusion.

Link new members with current member mentors and/or committee chairs.
6. Maintain and update a list of League members including name, address, e-mail, telephone and cell numbers, interests and skills. June 2018

Observer Corps Chair

Objective: to observe governmental bodies for the league and report back, particularly when there are issues of importance to your local league. **The Chair of the corps coordinates the committee's work.**

- go over report forms to assure they are pertinent, useful and understandable. Gather any materials which may be important for the observers to have.
- build a committee of members who are/might be interested in the important work of observing for the league.
- have an organizational meeting during which boards/agencies will be assigned to individuals, forms/ materials will be distributed, practices will be reviewed/explained, new members will be oriented to the tasks, LWV observer corps identification badges will be distributed, questions will be answered.

January: as soon as the County Supervisors' Chair changes committees, the chair obtains the list of new members and chairs of the committees and distributes them to each volunteer who has agreed to attend a committee/authority/agency meeting.

On-going tasks:

1. Make sure that downloadable copies of the newest report forms are available to your committee members or on-line.
2. Following each committee or general meeting, the chair should receive reports from the volunteers, read them through noting especially any references to possible LWV follow-up on specific agenda items. Reports are then filed by committee for future reference along with clips from news stories that may have appeared in the media.
3. For those who are observing County boards/agencies, the schedule is available on the supervisors' web site: www.sartogocounty.gov. Updates of the schedule are posted at different times during the month. Call the supervisors' office 885-2240 to double check meetings.

Tips:

- It is important that you be familiar with League program; see local and national Impact on Issues.
- Understand the function and responsibilities of the board/agency being observed.
- Know the names of the board/agency members and staff.
- Report forms should include:
 - the name of the observer, the board/agency, date, place and names of officials present/absent.
- Note the use of timely agenda and whether it is followed.
- Describe the business covered particularly if it is pertinent to League program.
- Make note of the meeting conduct and standards used in reaching decisions.

- Include pertinent personal observations on attitude of members and public
- Remind all observers that as a courtesy, they should introduce themselves to the meeting chair.
- Remember: they are there only to observe and must remain impartial. Observers may ask questions for clarification or information only.
- An observer may speak for the League only if authorized to do so. If so authorized, use written comments approved by the board, leave a copy for inclusion in the minutes and have extra copies for the board/agency and for any media in attendance.

Understanding how local government functions is basic to league activity in a community or county. Those members who consistently attend either local or county board meetings, who keep alert for issues that are now or may become study items or opportunities to lobby are indeed the eyes and ears of the league. This consistent attendance at a given board meeting adds to the league's visibility and credibility. The more often a particular person attends a specific meeting, the more likely it is that you will become a recognized part of the general public; the league and you benefit from this acknowledgment. It is the Chair's responsibility to facilitate this important aspect of League activity.

Reviewed June, 2019

Public Relations Chair

Public awareness of, and participation in, League events is paramount to the success of the local League. League activities and events must be well publicized in various media, with a fairly consistent media presence. Event coordinators should "feed" the PR Chair with information about upcoming events.

To ensure a high visibility for the local League, the Publicity Chair performs the following duties:

- Maintains and updates an electronic list-serve of all media contacts (print, television, web-based, radio)
- Writes exceptionally well in order to provide a "camera ready" story for reporters to submit to an editor without a large investment of their time
- Generates newsworthy releases out of even ordinary League events
- Reaches out to specific media to ask for coverage of a specific event
- Thanks reporters when exceptional coverage is provided

Press releases should contain the following elements and the papers prefer it to be in the actual email instead of an attachment

- Proposed headline
- A request to cover an event if appropriate
- Date/time/location
- Background on the topic/issue/event
- A quote from the event chair or president

- Definition of "who" the League is (i.e. The League of Women Voters, a non-partisan political organization.....)
- Contact information

Press releases should always be copied to the League president/steering committee and event chair.

Daily Newspapers: Saratoga County is served by several daily newspapers: Saratogian, Gazette, Times Union, Troy Record, Post Star. The Gazette covers the western and southern portion of the county, the Times Union covers the Southern “half” of the county, The Troy Record covers the Eastern portion of the County, the Post Star covers the Northern portion of the County, the Saratogian covers Saratoga Springs and nearby communities

Weekly Newspapers have a longer lead time for articles. Currently we have The Community News (Clifton Park and Halfmoon), Saratoga Today (Western towns through Saratoga Springs), several Pennysavers, at least five covering portions of the county, Mechanicville Express (Mechanicville and Stillwater) and The Chronicle (Glens Falls). These weekly papers come and go so care must be taken to keep track of them.

On line “newspapers”. These continue to increase and the PR Chair should continue to seek them out and add them to our listing.

Calendars are increasingly important. There are many online calendars where events can be posted. Again, the list needs to be kept current and postings should be made whenever possible. Posting events on line could be a separate task given to a committee member.

The League also maintains a Facebook Page as well as a website, and has a Twitter account.. Coordination between PR Chair and those members doing the website and the facebook page is extremely important.

Public service announcements (PSAs) may also be pursued on local radio stations. Timing and submission of these is tightly choreographed, and specific guidance should be obtained from the radio station. Stories should also be forwarded to state-wide media for topics that lend themselves to broader coverage.

Letters to the Editor are another vehicle for public relations. Often there are templates on the State or National Websites which are available to be customized and sent to local newspapers. Coordination with the other Leagues in the area (Schenectady, Rennselaer, Albany and Warren County) is often useful for maximum exposure.

April, 2014, Reviewed 2019

Study Committee Chair

The League's legislative program consists of those governmental issues that the League has chosen for concerted study and action at the national, state or local level. It includes the following steps:

1. Formal adoption by members at an annual meeting or by state/natioal convention delegates of an issue for study.
2. Member study and agreement on broad concepts
3. Formulation of a position by the appropriate board of directors.
4. Legislative action as directed by the appropriate board of directors
5. Annual or biennial re-adoption of the position.

The following outline provides a basis for conducting a thorough study of a chosen subject.

For LWNYS or LWNUS Studies:

When working on a state or national study, you are provided with lists of resources and materials to study, with already prepared consensus questions, with guides on how to conduct your meetings. While it is important that you and your committee must set up realistic time lines and make sure you adhere to them to get you to the consensus meeting in organized, well prepared fashion, much of the preparatory work has been done for you. [There will be times when the national or state level does not work in timely fashion and then you may have to begin researching resources and materials on your own, but these are not common occurrences]

For Local Study Committees:

- start early.
 - gather a committee. Stress that it is a working participatory group. the size may depend on the topic, size of league, interest of the members.
 - study the issue and make sure the whole committee understands it
 - set up a realistic time line for coming to consensus; set interim goals to make sure you are on target to reaching the meeting dates.
 - research and gather your background materials and resources; circulate them for the committee to read. be sure there is lots of background material.
- Use bulletins, web sites, Facebook, email, informational meetings to communicate information to the membership along the way
- it is **imperative** that the committee not predetermine the results even if they feel strongly about a direction.
 - develop consensus questions that aid in reaching consensus:
Avoid questions with multiple choice answers and either/or scenarios
Avoid vague, leading or misleading language
Scrutinize questions to be certain they do not contain bias
Consider pretesting questions with a wider group of members including those with a strong point of view and by people who have no point of view, since they may see problems which those "steeped" in the issue would not see.

-arrange for a facilitator and a recorder - neither of whom should be committee members. work with both of them in a meeting at the end to make sure the presentation is smooth, organized and understandable.

- after the consensus meeting, work with the committee, facilitator and recorder to write up a consensus report that must be submitted to the board for their approval.

- REMEMBER: never publish, distribute or act on any consensus before the appropriate board has formally adopted the position.

-after the board approves the consensus, consider publicizing it in the local newspaper. be sure to put it on your league's web site.

NOTE: LWVNY adopted a new process for consensus and concurrence June 2019, that may affect the above, particularly with regard to questions.

Voter Services Chair

The Voter Services Committee promotes voter registration and provides non-partisan election information to citizens. Voter service is the essence of the League's mission, and the work of the Committee tends to involve many members.

The Voter Services Committee Chair is responsible for convening a Voter Services Committee to plan and organize voter service activities for the year, such as:

1. Educate citizens about candidates and issues through events such as forums and candidate nights;
 - a. Collaborate with other local leagues, news media and chambers of commerce
2. Conduct voter registration drives at different venues i.e. Saratoga Springs Farmers market, malls, etc. ... work with Membership Committee to make best use of our mutual teams' time and resources
3. Voter Guides
 - a. Coordinate with the Online Guide Chair to produce an Online Voter Guide
 - b. Order and Distribute as needed the State Voter Guides I (yearly voter registration requirements and dates) and State Voter Guides II (candidate information). These guides are available from the LWVNY.
4. Maintain on the League website a directory of elected and appointed public officials, a list of candidates seeking public office and webcasts of selected candidate events;
5. Arrange training for moderators for candidates meetings;
6. Work with the chair of the Publicity Committee to ensure adequate PR for important voter service activities including all local media.
7. Coordinate with the Membership Committee to inform new and prospective members about Voter Service Activities and encourage them to participate.

Reviewed June 2019

Online Voter Guide Chair

This is a sub-committee of the Voter Service Committee and coordinates closely with the Voter Service Chair.

On line guides may be established for any election, school district, primary or general elections, depending upon the decisions of the voter service committee. For each election to covered, candidates must be contacted in order to determine their email address. Then the invitation to participate can be sent to the candidate. Follow up is often necessary in order to achieve a maximum of candidates participating. Questions and biographical information must be defined before contacting the candidates.

Coordination with the Web master is important in order to get the information posted on the website.

Coordination with the public relations chair is important to publicize the guide both in newspapers and to disseminate links to either the guide or the league website to maximize exposure.

During ~~the~~ odd –numbered years the elections are primarily local and coordination with the Saratoga County Board of Elections is critical in obtaining all of the candidates who are running, especially those who are not in the “regular” parties.

During the even-numbered years coordination with LWVNY and neighboring leagues is critical. LWVNY is currently coordinating these statewide races, but that is subject to change. In previous years we have produced a Capital Area Guide in collaboration with LWV Albany, Schenectady, Rensselaer and Warren Counties.

FIRST VOTE is a program to help facilitate voter registration of high school seniors as they become 18 years old. We offer to deliver materials - the LWV pamphlet "First Vote: A Guide for New Voters in New York State," the LWV flier "Voting Q & A for college students in NYS" and voter registration forms. We offer not only materials but also talks by members of the League.

Tasks:

1. Establish committee and revise materials.
2. If needed get copies of First Vote and Voting Q & A for college students from the State League office in Albany
3. Get voter registration forms from the Saratoga County Board of Elections.
4. Solicit from League members specific programs that we can offer social studies teachers and include in our introductory letter.
5. Send letters to superintendents.
6. Email Senior Social Studies teachers RE how many materials they will need
7. Follow up with additional school personnel as requested.
8. Take materials as requested, or deliver through BOCES.
9. Follow up in any way necessary.
10. Report numbers to Board of Directors

Take Me to Vote! Chair

TAKE ME TO VOTE! is a get-out-the-vote program for fifth graders and their parents. Parents receive information about registering to vote and dates for going to the polls. The young people, when they go to the polls with their parents, get a taste of what their responsibilities will be as adult voters.

Tasks:

1. Early summer: Form a committee and update handouts. Let Saratoga County Board of Election Commissioners know the program is going forward. Locate the handbook which has sample materials.
2. Mid-August: send notice of the program to superintendents and heads of school districts in Saratoga County. Provide them with copies of all the materials that will be distributed through the program and ask them to encourage their principals and teachers to participate.
3. If you can obtain names and/or email addresses for the teachers, email the letter announcing the program. These may sometimes be found on each elementary school website. If not, send one letter to each elementary school for their office to distribute to their teachers asking teachers to communicate back to you via email. Once communication is initiated by individual teachers, e-mail communication is possible.
4. Assemble materials into classroom packets. Materials in each classroom package: Timeline for Teachers, Information for Parents about TMTV, Voter Registration Basics, Certificate sheets and enough buttons for the entire class. Arrange to order self inking stampers, buttons, and to print enough copies of information for parents for a possible 2000 students. It is hard to judge how many you will actually need, as it depends upon how many teachers participate. You must estimate there are 2500 students in the fifth grades. You will probably need fewer buttons than information sheets, but this is a guesstimate. If you can get a generic self-inking stamper, it is often less expensive than a custom designed one. The same goes for the buttons.
5. Because of the buttons the packages are cumbersome, so it is advisable to take materials to each school. Try to get volunteers to deliver the materials.
6. The ideal time for delivery is at the end of September so that parents who need to register will get advance notice. However, two teachers have said it is too early and later would be better.
7. Make phone calls to teachers who have not responded to letters or emails.
8. Write letter for poll workers with a simple step-by-step direction guide in large print and sets of self-inking stampers and send it to the Election Commissioners for distribution. Ask them to be sure to tell workers about the program.
9. Arrange publicity for TMTV! The best would be a staged photograph of fifth grader going to the polls with a parent prior to election day. Besides media coverage you could also include a poster for the classroom or suggest the students make posters.

10. After Election Day, receive information from teachers. At the same time, write a letter to Jones School Supply, Inc. or another inexpensive source to facilitate ordering the plaques. Order one for each school participating. Plaques &/or Certificates should clearly identify the League as the sponsor of the program.
11. Make phone calls or send e-mails to teachers who have not let us know results. Usually, though, the teachers who have the most interest and enthusiasm have wonderful results and phone early.
12. After three weeks, declare winners. Order plaques, one for each school, or one for each Assembly District. Classrooms can be given framed Certificates if expense is an issue. Have volunteers deliver them whenever possible. Include a letter.
13. We have four Assembly members in the county. Arrange for a visit by the Assembly member to the top school in his district which participated in the program. You may also decide to do one public and one private school if you want. The Assembly members really enjoy the visits and it is very good pr for the league. Contact the office of the Assembly person in the district of the school class. Help arrange a visit by him or her to the school. Arrange for publicity if possible, and be sure a League representative is present during the visit.
14. Announce the winners in a Newsletter article, with photos if possible. Work with Public Relations Chair on this phase of the project.
15. Alert the news media of the programs with the Assembly persons.
16. Write thank you notes to all involved in the final programs. Include any sponsoring organization that provided funding for the program.

Students Inside Albany Chair

Students Inside Albany is a LWVNYS program for high school students to introduce them to state government and citizen action. Local leagues can send one student paid for by LWVNYSED or add a second student using the local league's funds. Saratoga LWV Board of Directors decides if we will be sending one or two students. The BOD of LWVSC can choose the SIA students a different way, but this is the way we currently do it.

1. By the beginning of the school year, form a committee or locate an individual willing to take on the responsibility of choosing a student(s).
2. Get the current year dates, deadlines and materials from LWVNYS. The timeline may be different depending on the dates of the program.
3. By the beginning of November, locate the names of two contacts in each high school in the county including the school districts that overlap the county borders. Most helpful contacts have been school guidance counselors, government teachers, and social studies department chairs. We have also gotten publicity from the state legislators' offices.

4. Send a letter to each contact describing the program and asking for them to encourage students to apply. Send a copy of the state pamphlet and application form and include the LWVSC's web site, application deadline, and LWVSC mailing and email address.
5. Make sure all the SIA information and application is on the LWVS web site.
6. Closer to the application deadline, send publicity to the media and email a reminder to all the contacts that got letters.
7. Committee reads all the applicant information and assigns points based on predetermined criteria. The students with the highest points are chosen.
8. Students are notified. Chosen students are sent the packet of information and permissions. The other applicants and all teacher references are thanked.
9. Follow up to be sure all paperwork is in on time. Contact the students again, close to the time of the program, to answer any questions.
10. Write a report for the newsletter.
11. Provide for transportation to Albany if necessary.
12. After the program ask the student(s) to speak briefly about their experience at a LWVSC meeting and/ or to the media.

Revised June 2018, July 2020

Voters Service Policies

Voter services activities are strictly non-partisan and designed to present voters with candidate and issue information.

Candidate Events

Purpose:

1. To educate the public about the issues in the campaigns;
2. To provide an opportunity for voters to hear candidates discuss those issues face-to-face;
3. To stimulate public interest and participation in the elections;
4. To provide an opportunity for the public to engage their candidates.

Every candidate will have an equal and fair opportunity to participate.

All candidates will be informed in writing about the format and guidelines for the event. Candidates must appear in person and may not send a surrogate. An absent candidate may submit an opening statement, to be read by the moderator, time limited to the format, only if at least two candidates are present for the position.

Events will be free of campaigning whether inside or outside the venue e.g. no campaign signage, buttons, banners, etc. There may be a designated table for campaign literature when allowed by the venue.

Voter Services committee will staff the event. Sensitive positions including moderator, timers and question vetters will be filled with staff from outside the district whenever possible. Locations will be as accessible as possible and selected with sensitivity to maintaining a non-partisan event.

Open or Empty Chairs in Candidate Events

LWVSC complies with League of Women Voters New York policy on this topic which states: Any League sponsored public event that invites a candidate for elected office will be considered a candidate event. A candidate event with only one candidate physically present is an “open or empty” chair candidate event. “Open or empty” chair candidate events will not be allowed at any level of League for any elected position.

Candidate Events for Primaries:

Any candidate events held for a party primary must be offered to all parties that have a primary for that elected office.

Criteria for Candidate Inclusion:

Candidates who meet all New York state election law requirements to be on the ballot are eligible to take part in candidate events. Other than School Board Elections (see below), only candidates on the ballot will be invited to participate in candidate forums.

For school board elections, due to the short time between the close of filing and the election, when it is apparent there are not enough candidates to fill the vacant seats and the district allows write-in candidates, write-in candidates who are waging a campaign and have at least two volunteers will be able to participate. School Board write-in candidates must notify the LWVSC within seven (7) days of the filing deadline.

Recording of Candidate Events:

With the exception of the League of Women Voters and FCC licensed broadcast media, recording and use of recordings of candidate events in part or whole is prohibited.

Voter Guide

Purpose:

1. To educate the public on candidates and issues.
2. To stimulate public interest and participation in elections.

Invitations to participate will be sent to every candidate appearing on the ballot and write-in candidates that meet LWVSC criteria. Candidates will be listed whether or not they respond.

Guides include all candidates for all seats whether the seats available are contested or not.

Voter Registration

Purpose: To encourage people to register and vote.

In all Voter Registration activities the LWVSC does not support or oppose any political party or any candidate. Voter registration team members are required to be non-partisan and informational. They are provided with resources to answer questions from the public.

LWVSC encourages people to consider registering in a party if they are interested in participating in the primary elections.

LWVSC will provide voter registration at events, subject to ability to staff those events and ability to provide voter registration in a non-partisan manner.

Upon completion of a voter registration event, LWVSC staff will promptly submit completed registrations to the Board of Elections in time to meet registration deadlines.

Adopted September 5, 2018, Updated September 2019

Conducting Productive Board Meetings

1. E-mail information, questions and committee minutes to Board of Directors at least 48 hours prior to the monthly meeting. An example: If during a committee meeting an issue arises that needs the BOD attention, the committee chair should e-mail all BOD members about the concern so they are ready to discuss it. A sort of “heads up” on the topic.
2. BOD meetings should be less conversational and more formal; getting to the issue and a decision. Wait for the chair to recognize you. Listen to others.
3. A committee representative should be at the meeting or a Board member shall be appointed to report BOD action back to the committee.
4. The BOD should always have a motion. This will ensure that the issues are decided and all are clear about the decision.
5. The agenda will be followed and after each item, the discussion will be summarized for the minutes. Again, this will clarify the issue.

June 2009, Reviewed 2018

Deciding to Take Action

The LWVSC Board of Directors will determine if a proposed local government action should be supported or opposed. The decision is based on a preexisting, established position.

The Board will abide by the following procedure:

1. Review existing local, state and national positions to determine if there is a position that speaks to the issue.
2. Once a position has been identified, the LWVSC Board of Directors may announce the LWVSC’s support or opposition (based on what our position says) unless:
 - a. Something in the proposed action conflicts with another established position.
 - b. The expenditure of time and energy on this issue would force the LWVSC to abandon action on an issue of higher priority.
3. If the LWVSC board determines that there isn’t any established position regarding the (proposed) local governmental action then LWVSC cannot speak to (take action on) the issue, i.e. LWVSC can neither support nor oppose the (proposed) local governmental action.
4. The LWVSC may support or oppose a (proposed) action even if specific parts of the action are not mentioned in the position. The LWVSC will do this by supporting (or opposing) the action but speaking only to those parts of the action that are covered by our positions and by being clear that we have no position on the other issues.
5. The decision is to be made at a LWVSC board meeting whenever possible, but a conference call (or other means that allows all board members to hear everyone’s comments simultaneously) is permissible if time is of the essence.

Adopted November 6, 2019

Guidelines for Presenting Differing Views of an Issue at an LWV Information Meeting

1. When the LWVSC does not have a position on an issue every effort must be made to secure representation from all sides of the issue and locate knowledgeable speakers.

2. When the LWVSC has studied an issue and arrived at consensus, it is legitimate that we inform the public of our position and why we support the stand. In such cases, it is not necessary to present opposition views.
3. For Voter's Services activities, for a question that will appear on a ballot it is important that the pros and cons be presented, even where the LWV has a position.

IV. Guidelines

Consensus & Concurrence

Consensus, or membership understanding and agreement, is the basis of the grassroots character and effectiveness of the League of Women Voters. The League is a study and action organization. Therefore it is important to have a clear expression of member views to determine what action to take. Consensus-taking is a complex procedure at the local, regional, state and national levels; it is puzzling to new members and challenging to experienced leaders.

What is Consensus?

As noted in League Basics (In League), " The American Heritage Dictionary defines consensus as 'collective opinion or concord; general agreement or accord.' In the League 'consensus' is used (1) interchangeably with 'member agreement' to refer to the overall decision making process . . . by which a League Board determines that there is substantial agreement among members on an issue, and (2) to refer to a specific technique used traditionally in the League to discuss and arrive at conclusions on issues . . ."

"Consensus/group discussion is the technique most often used in the League for reaching member agreement. It is a process whereby members participate in a group discussion of an issue. The 'consensus' reached by members through group discussion is not a simple majority, nor is it unanimity; rather it is the overall 'sense of the group' as expressed through the exchange of ideas and opinions."

Concurrence, the act of agreeing with a statement of position, is one method of determining membership understanding and agreement as a basis for League action.

The use of concurrence on any issue is decided by the appropriate League board on the basis of the nature of the subject, the time available for decision-making and the resources or interest present in the League for research. The Board sets guidelines for the process, particularly those relating to who will be asked to concur, with whom and how. For example, the Board of a local League might ask its members to concur with a position statement arrived at by the League's resource committee or by the Board itself. The request for concurrence could be presented at a meeting or by telephone or by written questionnaire. Revised 2018

See separate document on Consensus and Concurrence.

Speaking with One Voice: Action Guidelines for Local Leagues

Action Not Requiring Consultation:

1. Any action taken in response to an action request from the state or national League does not require any consultations. As they say just do it and thanks. These requests can be

the form of Calls to Action or Action Alerts from state or national, or in the *Voter* articles, our state Grassroots Lobby Corps, and *State Board Reports*.

2. Legislation on which the state League has already taken action. Every *State Board Report* (SBR) contains a list of bills in the state legislature that the state League has taken action on; also these bill summary sheets are sent to the action network periodically. You do not need to consult with anybody to contact your state legislator on any of the bills listed in these state action summaries.

The National League is a bit stricter in keeping to its current Issues for Emphasis. State and local Leagues wishing to take action on a national issue on which they have not received recent information from LWVUS should consult with the national office.

Action Requiring Consultation:

1. Action by a Local League at the Local Level – The decision to take action that will affect only your community rests with your local board.
2. Action that would affect more than one League requires consultation with the boards of the other League in the area involved.
3. Action that would involve contact with state government officials (senators, assembly, the governor, etc.) where no action has been requested and no state action has been taken (bill is not on the bill summary sheet) requires consultation with the state issues committee or the state Issues and Advocacy Vice-President.
4. Action that would involve contact with government official at the national level where no action has been requested by LWVUS requires consultation with the National office.

No League may take action in opposition to a League position. If your League disagrees with a position statement, you should remain silent.

Other Caveats:

League members may contact their own representatives at the state and national levels and leadership in the legislature.

Generally the President or her designee speaks for the League. The rest of us speak as constituents supporting this particular League position on this particular legislation.

Local Leagues should send copies of all communication with state legislators to the state league; copies of communications with federal representatives should be sent to the national office.

ALWAYS NOTIFY THE STATE LEAGUE AND THE NATIONAL LEAGUE CONCERNING CONTACTS WITH THE RESPECTIVE REPRESENTATIVES. See guidelines for joining coalition.

Reviewed 2018

Joining/Working with Coalitions Guidelines

In deciding whether or not to join a coalition, the following things should be considered:

1. Does the coalition have well-defined goals?
2. Are the coalition goals the same as LWV goals?
3. Are sufficient people and monetary resources available?
4. Is this a League priority?
5. Is the extent of League participation clear?
6. Will the League's nonpartisan policy be compromised?
7. Will the coalition enhance LWV visibility?
8. Will the coalition be limited to the agreed upon issue(s)?
9. Does the coalition leadership respect coalition goals and process?

The League should be certain that all press releases, letters and other material circulated to the public by the coalition will be approved by the League representative to the coalition or the League president in advance of publication.

Local Leagues joining coalitions on statewide issues must inform and get approval from the State Board.

Local League boards should review and approve the joining of statewide or local coalitions. If the League is a member of an ILO, the local League should advise the other Leagues in the area of this desire to join the coalition.
